VISION

To be a premier institute for addressing the challenges in global perspective.

MISSION

M1. Nurture students with professional and ethical outlook to identify needs, analyze, design and innovate sustainable solutions through lifelong learning in service of society as individual or a team.

M2. Establish State of the Art Laboratories and Information Resource centre for education and research.

M3. Collaborate with Industry, Government Organization and Society to align the curriculum and outreach activities

About Institution

For over decade SVCE has provided peerless academic, administrative and pastoral support to students hoping to succeed and beyond. From academic aspirations to the simple day-to-day challenges of living, we understand the importance of every part of the student journey.

SVCE truly understands the needs of our students. Both academically and developmentally we support them every step of the way, and provide a secure environment where they can find their feet, acclimatise to life in the campus and truly excel in their studies.

When there are so many out there, choosing a college can be a daunting prospect. You'll want to get it right because it could affect the rest of your life. So, here's the big question: is SVCE the right choice for you? Here's a quick rundown of the things that make this place so special. Things that will not only make sure you have a first rate education (and enjoy getting it) but also provide you with the skills valued by employers.
