About College

Sri Venkateshwara College of Engineering (Bengaluru, India) is a leader in technical education and in the development of ideas that shape the world's understanding of engineers. We are proud of our position as the top academic college of engineering and proud of the people who make it so - our students, faculty, staff and the management. Our students will be young budding **Engineers/Entrepreneurs** from every corner of India who are excited about exchanging ideas and learning the general professional theory and skills that will help them to become the top leaders in the engineering world and lead in fields of business, government and other organizations.

About Department of Electronics and Communication Engineering

The department was started in the year 2001, offering bachelor engineering degree in **Electronics & Communication Engineering**, under the affiliation of Visvesvaraya Technological University, Belgaum and accredited by NBA. In these 17 years of academic services, the department has grown up steadily, and at present the department hosts two academic programs. The department has very well experienced and highly qualified faculty members, who have specialized in some of the latest areas of in Electronics and Communication Engineering, which includes, VLSI & Embedded Systems, Digital Communications, Communications Systems, Microelectronics, Control Engineering, Digital Electronics and Communications, Signal Processing, Electronics, Image Processing, Wireless Network Security, Computer Networks, and Wireless Sensor Networks and so on.

Vision of the Department

To be a centre of excellence in Electronics, Communication and allied domains for education and research.

Mission of the Department

M1: Nurture students with strong technical foundation through effective teaching-learning processes and state-of-the-art infrastructure.

M2: Inculcate ethical values, leadership qualities, life long learning, individual and teamwork abilities amongst the students through holistic education.

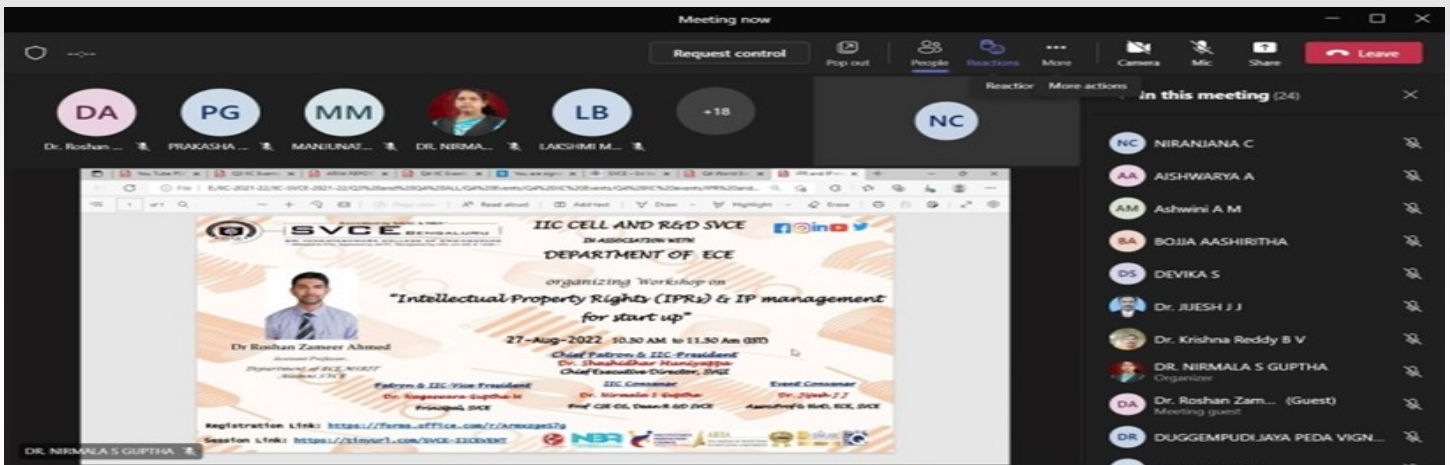

M3: Collaborate with industry and society to provide eco-friendly and sustainable solutions.

IIC CELL AND R&D SVCE IN ASSOCIATION WITH DEPARTMENT OF ECE

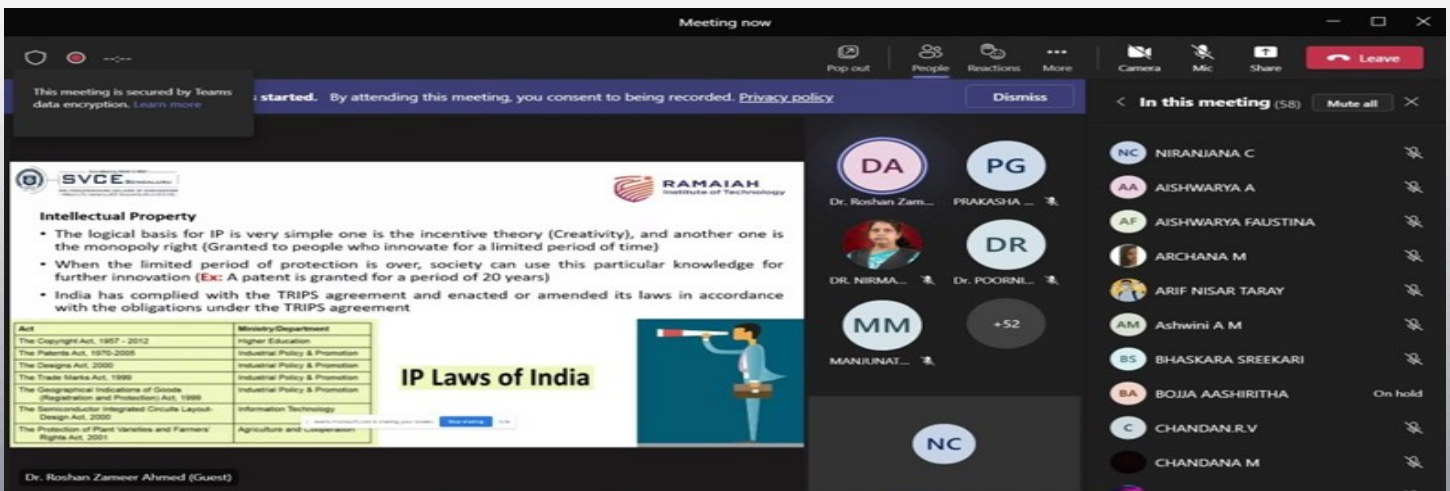

organized Workshop on “Intellectual Property Rights (IPRs) & IP management for start up”

Event Description:

The speaker of the event was Dr Roshan Zameer Ahmed , *Assistant Professor*, Department of ECE,MSRIT.
