Inauguration of center of excellence

4.About the Program

Recognizing India's need for a future ready workforce, Honeywell Center of Excellence for Youth Empowerment/Women Empowerment Inaugurated in SVCE by ICT Academy. The center aims to empower the students of the institution with digital skills such as Big Data Analytics, AI, ML, RPA etc. The Center of Excellence will train 100 students on advanced technologies, provide global certification from tech giants, facilitating placements for certified students.

As Industry 4.0 transforms the world of work, new tech-tools are increasingly being adopted. This globally recognized certification program will benefit engineering, arts and science colleges in tier 1 & 2 cities of Karnataka, Tamil Nadu and Maharashtra, and budding bright students from rural and marginalized sections of the society. Dedicated centers for students demonstrate ICT Academy's commitment towards women & youth empowerment, with the objective of realizing a diverse and inclusive workforce in the country.

The training program comprises of 100 hours of learning and opportunities for the students to participate in the hackathons, and youth empowerment summit. Apart from the students four faculty members will be trained on the advanced technology.

Principal's Quote

Dr. Nageswara Gupta, Principal, Sri Venkateshwara College of Engineering, Bengaluru, expressed his gratitude to Honeywell and ICT Academy for setting up the Centre of Excellence for "Youth Empowerment", which is a CSR Initiative of Honeywell. This Centre of Excellence will help the students to learn the Robotics Process Automation program, which is the need of the hour skill in the industry. Through this Centre of Excellence Hundred under privileged students in the institution learn the technology and get the global certification Program at Zero cost. They are also supported with the placement assistance at the end of the program.

Inauguration of center of excellence
