ANVESHANA INNOVATION

Q-RIDES, SVCE, BENGALURU

To,
The Principal,
SVCE,
Bengaluru

04/11/2019

Forwarded to Principal, for kind suggestion he needful / 6/11/19

Respected Sir,

----- Through HoD, MED -----

Sub: Requisition to accord the permission and guidance to startup an Incubation Centre in the college - reg.

Myself Deepak M Pursuing final year Engineering in Mechanical Stream . I am very much interested in being an entrepreneur and hereby requesting to give me a chance to contribute the Department and the College by starting an incubation centre in the campus. If given me an opportunity and provide me the basic requirements, I intend to establish the Startup on " Air fresheners from organic materials". And I promise to give back an excellent product to the market through our college.

REQUIREMENTS:

1. Possible help in infrastructure.
2. Initial support until we achieve 10,000 pieces.
3. Power and internet supply.

MARKETING:

1. Easily 3000 pieces can be sold in our campus.
2. Organic products are in high demand now and this point will bring us more customers.
3. Huge price variance and high quality products will hit the customers at the right point.
4. Tying up with IT companies will fetch us more orders frequently.
5. Aroma therapist will be a good relation customer

With due Respect

Yours Sincerely

Forwarded to Programme Coordinator for kind needful. Mr. Deepak .m. has done this work under my supervision & this product has high potential in market. He may be given an opportunity to incubate as per the rules, regulation & norms of the Institution.

(DEEPAK M)
