## About the Institute :

### Vision:

To be a premier institute for addressing the challenges from a global perspective.

### Mission:

**M1:** Nurture students with professional and ethical outlooks to identify needs, analyze, design, and innovate sustainable solutions through life-long learning in service of society as an individual or a team.

**M2:** Establish state-of-the-art Laboratories and Information Resource centers for education and research.

**M3:** Collaborate with Industry, Government Organizations, and Society to align the curriculum and outreach activities.

## About the Department

The Department of Information Science and Engineering has a proven track record of excellence in academics and has enabled many aspirants to write their success stories. With an industry-vetted curriculum covering the major and upcoming trends of the domain, the Department is a favoured destination for global companies to hire the right talent for various emerging roles.

## Vision

Excellence in Information Science and Engineering Education, Research and Development

## Mission

**M1:** Accomplish academic achievement in Information Science and Engineering through student-centered creative teaching learning, qualified faculty and staff members, assessment and effective ICT.

**M2:** Establish a Center of Excellence in a various verticals of Information Science and Engineering to encourage collaborative research and Industry-institute collaboration.

**M3:** Transform the engineering students to socially responsible, ethical, technically competent and Value added professional or entrepreneur through holistic education.

## About FDP:

The Five-Days Faculty Development Programme aims to equip faculties with the knowledge, skills, and resources needed to effectively teach Data Analytics, Reporting and Visualization using Excel, Python & R as per new VTU Syllabus of BC358A, BC358B and BC358D.
